NOBODY CAN TELL IF YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Druggist Says When Mixed With Sulphur Prevents Dandruff and Falling Hair.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents—a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy,"

this avoiding a lot of fuss. Some druggists make their own, but it isn't nearly so nice as "Wyeth's." While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does it so naturally; so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight and by morning all gray hairs have disappeared, after another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever. Local druggists say they are selling lots of "Wyeth's Sage and Sulphur"; it surely helps folks appear years younger. Agent, James O'Donnell, Druggist, 904 F St. N.W.

DULIN & MARTIN CO.

Buy a Refrigerator That's Sanitary
The TETTENBORN
White China Lined

The health of the entire family is largely dependent upon the refrigerator. Especially is this so in warm weather. The food compartments of the Tettenborn Refrigerator are made of real porcelain, molded by hand into one solid piece that is without joints or crevices of any description.

(A sample of this section of the Tettenborn on exhibition.) As easy to clean as a china dish. Has a direct perfectly pure dry air circulation that produces a maximum frigidity while consuming a minimum quantity of ice. The outside oak casings are as pleasing in appearance as the interior arrangements are practical.

Stomach Trouble

Upon using Duffy's Pure Malt Whiskey his relief was almost immediate—"It gave back my life and health."

"For eight years I suffered with catarrh of the stomach, which finally became very dangerous. The worst trouble was in the intestines. I lost all my appetite and sleep; I became weaker day after day, and I took all kinds of medicine without the least bit of relief. I thought sure death would claim me. At last a powerful remedy came to my aid. I bought three bottles of Duffy's Pure Malt Whiskey, and from the third dose I began to find relief. Then my appetite grew better, and I was able to work without being fatigued. I take great pleasure in recommending Duffy's, and I gratefully certify that it has given back my life and health to me."—Gustave Petaillot, Fenton, Mass.

Duffy's Pure Malt Whiskey

has to its credit over fifty years of success, and its remedial qualities have never been questioned. It is an absolutely pure distillation of carefully selected, clean grain, thoroughly malted. Overworked men, delicate women and the aged find in Duffy's the health and strength-giving properties so necessary to them. It is a wonderful remedy in the prevention and relief of pneumonia, grip, bronchitis, coughs, colds, asthma, catarrh, stomach troubles and all wasting and weakening conditions, if taken as directed. It is recognized as a family medicine everywhere. Keep it in your home. Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the government as a medicine during the Spanish war.

Sold in SEALED BOTTLES ONLY by most druggists, grocers, dealers, at \$1 a bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

ALEXANDRIA AFFAIRS

Seven Remaining Hooff Indictments Nolle Prossed.

DEMOCRATS MEET TONIGHT

Committees of City and County to Fix Primary Date—Masonic Museum Enriched.

Special Correspondence of The Star.

ALEXANDRIA, Va., April 25, 1913. On motion of Commonwealth's Attorney S. G. Brent the seven remaining indictments against Lewis Hooff, former secretary and general manager of the defunct Mercantile Railway Building and Loan Association, were nolle prossed in the corporation court today. This action was taken because of the fact that Hooff was given three trials on different indictments returned against him following the collapse of the concern, and two juries, including one Wednesday, returned verdicts of not guilty, the other jury being unable to reach an agreement. This removes all of the indictments pending against him and closes the case.

In the corporation court today a jury is hearing the case of W. A. Smoot & Co., incorporated, against W. H. Crump, a case to recover \$125. The case of the Interstate Audit Company against the Southern Steaming Machine and Manufacturing Company, a suit for damages for \$200, which was fixed for trial today, was postponed until the third day of the May term of court.

In the same court a decree was entered in the case of George L. Apple and others against the B. F. Board Motor Truck Company, authorizing the receiver, T. C. Smith, to employ hands and to purchase the necessary material to complete trucks now on hand.

Jugs for Masonic Museum. Two handsome china jugs, highly valued for their historical and Masonic associations, the gift of Julian Wallis of Hull, England, were last night presented to the Alexandria Washington Lodge of Masons, together with a book containing a history of them. The jugs were presented by Mr. Wallis through Rev. Dr. S. A. Wallis of the Episcopal Theological Seminary, and the speech of presentation was made by Dr. W. M. Smith, past worshipful master of the lodge. The jugs will be placed with the many other relics of the lodge in its museum.

A joint meeting of the democratic committees of Alexandria city and of the county will be held at 8 o'clock tonight at the Hotel Rammel for the purpose of fixing upon a date for a primary in which to nominate a candidate for the state legislature to represent this city and county. A time limit for candidates to submit their names also will be fixed upon at this meeting. Under the rules of the party plan it is necessary that sixty days intervene before the primary after the names are submitted.

The arguments for candidates for the place and they are J. Fred Birrell, member of the common council from the third ward, and Maj. E. W. R. Ewing of Ballston, Alexandria county. Mayor Thomas A. Fisher today received an invitation from the Alexandria Association of Richmond to attend the seventh meeting of the Playground and Recreation Association of America, which will be held in Richmond May 6 to 10, inclusive. He also authorized the mayor to appoint delegates to the convention.

Ballston School Gets Flag. A large delegation of members of Belle Haven and James W. Jackson Councils, Junior Order of United American Mechanics, went to Ballston, Alexandria county, this morning to formally present a flag to the Ballston School. The speech of presentation was made by Thomas B. Ivey, state council secretary of the Junior Order of United American Mechanics. The flag was formally accepted on behalf of the school and now hangs from the flagstaff of the building. Among those in attendance at the ceremonies were a number of members of the Daughters of Liberty and Daughters of America.

J. B. Breder, a non-resident, yesterday afternoon went aboard a vessel at the wharves and acted in a drunken and disorderly manner. He was testified in court today. The sailors aboard the boat tied the man hand and foot and awaited the arrival of policemen Talbot and Rawlett, who took him in custody. The prisoner told the court he had no statement to make, and he was fined \$5. Henry Gaskins, colored, was found early today sleeping in the stable of Carver Brothers. He was sent to jail for thirty days.

A fine of \$5 was imposed in the case of Saeed Tebbi, charged with permitting an unmuzzled dog to roam the streets. The dog was charged with permitting an unmuzzled dog to roam the streets.

Brewery Case Is Heard. Arguments are being made today in the circuit court for Alexandria county, Judge J. B. T. Thornton presiding, on the application of the Arlington Brewing Company for a renewal of its license. The arguments probably will be completed late this afternoon. The application for a renewal is being opposed by a number of residents of the county. The company's plant is located at Rosslyn.

FINE THOROUGHBREDS FOR THE HORSE SHOW

Emil Selig of New York to Bring Prize Winners for National Capital Event.

Emil Selig of New York, one of the largest horse show exhibitors in the United States, is coming to Washington with a carload of thoroughbreds to compete in the National Capital horse show, May 3, 5, 6 and 7, according to announcement today.

Mr. Selig has never shown in Washington, but his horses, which are of the heavy harness type, have captured honors at the Madison Square Garden shows and other big horse show events. His entries for the local meet include the famous Leader of Fashion and other equally well known harness thoroughbreds, among the number being Watchful, Corona, Sporting Extra, Art, Leading Lady, Barber, St. Clair, Triumph Togo, Gallant Lad and Royal Victoria.

It is stated that all of the Selig horses have been entered in the auction sale to be conducted at the conclusion of the show.

List of Box Holders. The list of box holders for the show has been announced by Secretary Addison. Reservation has been made for President Wilson and his family. The list includes the following: President of the United States, Mrs. Richard Townsend, George Shust, Perry Belmont, R. C. Leach, Archibald Park, J. J. William Henry, Senator George F. Wetmore, Mrs. Cleveland Perkins, H. C. McLaughlin, Mrs. J. H. Hodgett, Mrs. G. T. Sumner, Mrs. Louis Bennett, Mrs. Charles C. Glover, Maj. W. D. Connor, Montgomery Blair, Gen. J. A. Buchanan, James Parmelee, Mrs. Elbridge Jordan, G. T. Meade, J. M. Dove, Charles H. Smith, Mrs. J. H. Smith, officers of Washington barracks, Mitchell Harrison, Mrs. Gillett Hill, Mrs. Hope Sloan, Mrs. James F. Barbour and W. H. Walker.

MARINES LEAVE CUBA FOR U. S. TOMORROW

Mail Service in Northeastern Mexico at Standstill—Carraza Wires Wilson.

Seven hundred marines, commanded by Col. Kammery and Barrett, part of the force of 2,000 men which has been drilling at Guantanamo, Cuba, will sail from that port tomorrow on the Prairie for Philadelphia, where they are due April 30. The organizations coming are: Of the 1st Regiment, Company A, from New York; D, from Boston; E and F, from Philadelphia, and H, from Portsmouth, N. H., and in the 2d Regiment, Company H, from Annapolis, and L, from Norfolk.

These troops were ordered to Cuba by President Taft at the time of the fighting in Mexico City, preceding the overthrow of President Madero. The possibility of intervention loomed large at the time. Rebels attacking the city of Victoria, capital of the state of Tamaulipas, were repulsed after six hours of fighting, according to dispatches from the State Department yesterday. No Americans or other foreigners were reported injured.

Gen. Fruey, who with his small force, is isolated at Lampazos, with railroads and telegraphs cut on both sides of him.

Mail Service Disorganized. The mail service in northeastern Mexico is thoroughly disorganized, and, though letters are still arriving at Monterey from Mexico City, there has been no mail from the United States since April 10, or from Tampico since April 16.

Gov. Carranza, leader of the constitutional forces in northern Mexico, in rebellion against the Huerta-Diaz government, has telegraphed to President Wilson, asking that the United States place no restrictions upon exports of munitions of war to the constitutionalists. Carranza pointed out that the Huerta forces, which he characterized as a "military ring," had supplies, and contends that the "rightful government," should also be permitted to receive them.

PROBE OF GAS HOLDINGS
Report Asked Regarding Ownership of Georgetown Company Stock.

An immediate report from the Commissioners as to what steps have been taken to form why the Western Gas Light Company owns and controls 3,330 shares of the Georgetown Gas Light Company is asked for in the resolution introduced into the House by Representative Cary of Wisconsin. Mr. Cary states that under a law passed at the last session the Commissioners were authorized to bring a suit in equity in the Supreme Court of the District of Columbia to "dissolve a corporation illegally holding shares of stock in another corporation, and, further, to order and compel the corporation illegally holding the shares to sell and dispose of them."

\$4.00 Human Hair Switches,

AILIES TO NOTE APPEAL IN MISS TAYLOR'S CASE
Banker Says Information Secured in Treasury Same Given Other Agencies.

Secretary McAdoo of the Treasury Department today stated that Miss Lott Taylor, who for ten years has had desk room at the Treasury Department, where she acted as an agent of the National City Bank of New York, will be permitted to act as bank's representative at the destruction of mutilated bills, but the destruction of information, which it is said Miss Taylor has obtained in the office of the controller of the currency, will not be available to her.

Milton E. Ailes, vice president of the Elgin Bank of this city, under whose direction Miss Taylor has worked, stated today that he is contemplating an appeal from the order of the Secretary of the Treasury, for the reason that the information which has been gathered by the Elgin Bank is available to the public. Miss Taylor is the Washington representative of the New York bank, and Mr. Ailes declared that Miss Taylor's work, in addition to witnessing the destruction of mutilated currency, as required by law, has been to secure information as to the condition of various banks with which the National City Bank transacts business. This information, he says, is given to various commercial agencies, and he can see no reason why it should be denied to Miss Taylor.

Basis for Secretary's Order. It is understood that the allegation is that Miss Taylor, by reason of her long connection with the Treasury Department, has been able to obtain much of this information in advance of its publication, and this, it is understood, is the reason for the issuance of Secretary McAdoo's order.

It was stated that the Treasury Department today that Miss Taylor had furnished the same information to a Richmond, Va., bank having extensive connections. The information was furnished on a day or so, stated that Secretary McAdoo's order will be obeyed during the remainder of all parts of the "United States," commented Secretary Daniels of the Navy yesterday. The many letters coming to him, warmly commending his recent order, have given him pleasure, he said. Senator Hanger wrote that he was confident that the Secretary's action would put an end to a practice that has no excuse either in reason or necessity. W. E. Dodd of the University of Chicago faculty declares that the Secretary's characterization of the custom as "bullying" is a great help to college men who wish to stamp out hazing, because there has always been a semi-apologetic attitude on the part of a considerable segment of public opinion toward this practice.

OPEN UNTIL 9 O'CLOCK SATURDAY EVE

They Wonder How It's Done!

They wondered fifteen years ago, and they are still wondering. When a decade and a half ago, the manufacturers of the Boston Shoe placed on the market a real \$3.50 value for \$2.50, using their original factory-to-wearer method; the whole shoe world marveled. They realized that it would be possible to sell a shoe that was built for the eye for \$2.50, but one that would wear seemed an impossibility to them. But The Boston Shoe did wear, and does wear, and it is just this quality that has built up that wonderful army of men and women who would wear nothing but the Boston Shoes. Join this army—be happy and save money.

In appearance and fit the Boston Shoe at \$2.50 and \$3.00 is surpassed by none; in wear it is equal to any at a dollar more.

Hazing Under Strong Hand. Secretary Daniels Encouraged by Approval of His Policy. "It is encouraging to find that my views in regard to the necessity of putting down with a strong hand the practice of hazing at the National Academy are shared by so many people in all parts of the United States," commented Secretary Daniels of the Navy yesterday. The many letters coming to him, warmly commending his recent order, have given him pleasure, he said. Senator Hanger wrote that he was confident that the Secretary's action would put an end to a practice that has no excuse either in reason or necessity. W. E. Dodd of the University of Chicago faculty declares that the Secretary's characterization of the custom as "bullying" is a great help to college men who wish to stamp out hazing, because there has always been a semi-apologetic attitude on the part of a considerable segment of public opinion toward this practice.

SCIENTIST'S WILL IS FILED. L. F. Ward Leaves Property to Wife and Books to Government. The will of Lester F. Ward, scientist, who died April 18, was filed today for probate. The document was executed April 23, 1875, and modified by a codicil of December 5, 1901. The will bequeaths the entire estate to the wife, Rose A. Ward, and names her as executrix. The codicil directs that any of his scientific books, pamphlets and maps which the wife does not wish to keep may be turned over to the United States, Prof. Ward suggests that the books, treating of geology, botany and fossil plants be given to the United States geological survey, but only on condition that they be kept in a sublibrary of fossil plants and not in the general library of the office. Such other books as Mrs. Ward does not want are to be given to the Library of Congress for permanent preservation. If you want word read the want columns of The Star.

NOMINATIONS HELD UP. Republicans Want to Investigate Reasons for P. O. Vacancies. Following out the policy adopted at a meeting of the republican caucus yesterday, republican senators in an executive session of the Senate late yesterday afternoon held up the nomination of a dozen postmasters until an investigation can be made as to the reasons for vacancies in those cities. Postmasters from "home towns" of senators were confirmed without opposition. There was considerable debate over the appointment of William H. Osborn of North Carolina to be commissioner of internal revenue, but it was finally confirmed. The appointment of W. H. Cottrell to be postmaster at Princeton, N. J., President Wilson's "home town," was confirmed, although Mr. Cottrell is a republican. Among other nominations confirmed were Raymond M. Call to be United States district judge for the southern district of Florida; Samuel Houston Thompson Jr., of Colorado to be assistant attorney general.
